### **Activity Highlights:**

We left the Legion at about 6. 30pm and got to our destination at about 8 o'clock. We hiked about 4miles getting to the camp ground at 11 o'clock. We put up our tents under a very star lit sky and went to bed.

In the morning we woke up and had breakfast. After eating, the Patrols waited for the adults to deal with the cars after which we left. As we were walking we saw a lot of hunters and wild life. The troop stopped every 2 miles, and we ate lunch about noon after we had walked four and half miles. Everyone was hungry and was ready to eat. After lunch we started to hike again. We walked through a few rain showers and then later in that afternoon we hiked for a bit on a road which led us to the back entrance of Camp Ransburg. The troop hiked into Ransburg and saw the new lay out for the COPE course. Some of us went on ahead and got to Adventure Point quite quickly. Unfortunately we stayed on the lower part of Adventure Point but that was okay with everyone. Mr. Penczek kindly gave us all fruit and soda and then we all started to work on our tents. We were all really tired. We made our dinner and then because it was so cold and wet some of us went to bed at 6pm and others a bit later.

It was a rough night as most of us felt very cold. In the morning we quickly made breakfast, took down our tents and started on the last two miles of our hike which took us to the center of Camp Ransburg which is where we picked up our lifts back home.

### **Weather highlights:**

On Saturday it was cold and wet.
