We are welcoming Lindsey Dickerson to the staff of YACC for the Summer Base Program as the Curriculum Director for 2011. She comes to us with the knowledge and excitement that will make the BASE Summer program experience for your children an event to remember and talk about for many years to come.

She attended Indiana University in Bloomington where she majored in Elementary Education and received an endorsement in reading. She completed the first part of her student teaching in Carmel, Indiana in a fourth grade classroom and the second part of her student teaching overseas in Melbourne, Australia in a fifth grade classroom.

After returning from Australia, she began working as a licensed teacher at Forest Dale Elementary in Carmel. While at Forest Dale, she was given the opportunity to work with students of all ages and abilities and to teach several math and reading groups. Her experience also extends to working with preschool age children at The Goddard School where for four summers she assisted with planning, organizing, and carrying out the activities and lessons planned for the summer program.

In her free time she enjoys travelling, reading a good book, spending time with family, as well as spoiling her amazing niece!

We are ecstatic and greatly looking forward to her bringing her vast experience with children as well as her enthusiasm and passion to our program.
